TELL ME MORE[®]

The Course

Tell Me More[®] is an online business program, which adapts perfectly to your studying agenda.

It offers the highest flexibility in learning a foreign language. You can access the program at any time from any location; all you need is a computer and internet connection.

The course is structured on several levels and depending on your needs, it also features a blended learning component. This way you will meet your colleagues and your trainer for a face to face session according to the course calendar. You will work together on coursebooks that include specific business exercises, in order to fix and refresh the knowledge acquired during the online learning time.

Tell Me More[®] is the appropriate business language training because it combines the Interact Communication training competence with time and location flexibility.
